--------	--

Yo	ou are now going to edit a document about choosing hardware for a computer.	✓
1	Using a suitable software package, load the file N14MICE.DOCX	
2	Set the:  • page size to A4  • orientation to landscape.  Place screenshot evidence of this in your evidence document.	
<b>3</b>	Set the:  • top and bottom margins to 2 centimetres  • left and right margins to 1.5 centimetres.  Place screenshot evidence of this in your evidence document.	
	Save the document with a new name in your work area. Make sure it is saved in the format of the software you are using.	
5	Set all the text to:  • a 12 point serif font  • 1.5 line spacing  • be fully justified.	
6	Make sure there is a single <b>12</b> point line space after each paragraph. 2	
7	Place in the header:  • your name, and registration group Center Aligned  2  Place in the footer:	
	<ul> <li>today's date left aligned</li> <li>Page number right alligned.</li> </ul>	
	Make sure that all the alignments match the page margins.  Make sure that headers and footers are displayed on all pages.	
8	Insert a blank line at the start of the document and enter the title  Input devices for a gaming computer  2	
9	Make the title centre aligned with a <b>36</b> point italic sans-serif font.	
10	Add a subtitle below the title:  Mice for gamers by: and add your name.	
11	Set the subtitle to be:  • an 18 point sans-serif font  • underlined 4  • not italic  • right aligned.	
12	2 Delete the paragraph that starts: The thing with the mechanical mouse was that there were wear and tear issues	1

13	Use the supplied image of a mouse and place it in the first page at the start of the second paragraph.	3
	Align it with the top line of the text in the second paragraph.	
14	Modify the image so that the cable is on the right side	2
	Make sure the text wraps round and below the image.	-
15	Re-size the image to so the height is 5cm and maintain the aspect ratio.	2
	Make sure the text wraps round and below the image.	
16	Apply a single bullet to each paragraph of the text from:  Mechanical mouse: Houses a hard rubber ball  to	2
	Cordless 3-D mouse: This kind of mouse
